

PIRATES OF THE HISTORY - 2010 GARIBALDI RACE AND HISTORICAL SEAS RACE at TALL SHIP KALIAKRA

- > Experience the journey of a hero!
- > How high can you climb?
- > In April, May and June 2010, Italy – Greece – Bulgaria – Turkey
- > Open to trainees of all ages, minimum age 16 years

Have you ever dreamed of sailing on board a Tall Ship? At Sea Sail training can give you the chance to get on board of a Tall Ship and no experience is needed! Together with your teammates from all over Europe, you will be introduced to all aspects of ocean-sailing. A professional crew will teach you everything you need to know about navigating, sailing and manoeuvring. Enjoy working in a team, pushing yourself, making new friends and then partying together at the famous crew parties. There will be adventure and action at sea!

TWO TALL SHIP REGATTA'S

In 2010 the Garibaldi Race will go along the Italian coast to mark the 150th anniversary of Giuseppe Garibaldi's successful expedition from Genoa to Sicily. You will bring alive the legend by sailing along the coast of Italy and see beautiful islands, while racing against other Tall Ships.

The next regatta that Kaliakra will take part of is the Historical Seas Tall Ships Regatta, which starts in Volos (Greece). The old Greek myths will be brought alive. Like the Greeks, Gallant will go to Varna (Bulgaria), to Istanbul (Turkey) and the finish of the whole Regatta in Lavrion (Greece) following the same route as that of the mythical ancient Greeks. Will you join the Kaliakra?

KALIAKRA & CREW

The sail training vessel Kaliakra is a symbol of the maritime heritage of Bulgaria and is one of the fastest and best looking tall ships in the world. She was built at the Gdansk Shipyard, Poland in 1984 and is owned by Navigation Maritime Bulgare. The ship was specially designed for the training and qualification of students from the Maritime Academy in Varna - the future officers of the Bulgarian merchant fleet.

The many highly placed results and the international popularity she has gained, have raised the prestige of the Bulgarian national flag. A great number of visitors, members of royal families, head of states, government officials and celebrities have been guests on board Kaliakra.

ACCOMODATION

Trainees live in ten two-bed cabins, one six beds, one nine-beds, and one eleven-bed dormitories. They are divided into four watches. Three of those do four hours on watch and eight off while the fourth one is the galley watch, helping the cook and keeping the ship tidy.

THE CREW

The 11 crewmembers have many years of experience. All the crewmembers have followed the education to become sailors or marine officers of Bulgaria. They all have had the needed STCW certificates to take care of a safe voyage.

PROGRAM

> Each trip starts at 18.00 hours when you will board Kaliakra and get to know the ship, permanent crew and your fellow voyage crew members. After a warm welcome during the Captains introduction and the safety briefing, it is time to have a nice evening on board or in the city. There is always a lot to see and to do in the Tall Ship Regatta Harbour's. Should your travel schedule mean that you arrive before 18.00 hours, you may be able to store your bags aboard and have a look around in town (please check first).

> After a hearty breakfast the next day, the first deck instructions will be given. Together with the crew the ship will be made ready for leaving the harbour. The sails will be set for the Parade of Sail. A lot of people will be on the quay and in little boats to wave to you and wish you luck.

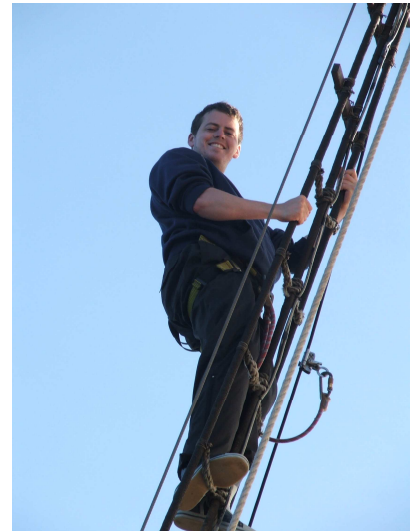

Of course the start of the Race is spectacular with all the Tall Ships going over the starting line together. This is an exciting but challenging moment, which needs a lot of concentration from the crew and the trainees.

> On board you will be divided into four watches. This means that you will also be on watch during the night sometimes. You will all learn to set the sails, to steer the vessel, to help the cook with the meals and to clean the ship inside and out. You do this during your watch, but also when it is necessary outside of your watch. It is good to work together and take care of the ship. It is a challenge to set a good racing time, but also to become a team and for you to become part of the crew like a real sailor. Your watch leader will be there to guide you, along with the duty officer, a member of the permanent crew.

> The finish can be spectacular when there are other ships around, or quiet because you are the first! If there is enough time, the captain will search for a nice anchorage to enjoy the last evening at sea before sailing into the next Tall Ship Regatta harbour.

> In the harbour there will be a lot of activities organized by the town. There will be all kinds of music, sometimes a fair and there will also be a cultural program. There will also be an opportunity to challenge the crew from other ships through sports, walk the crew parade through the whole city, get a prize (winning, friendship, etc) during the prize giving ceremony and last but not least, there is a crew party for everybody in the Tall Ship Regatta harbour.

> On the 3rd day in harbor the voyage will end at 09.00 hour. You will look back on a once in a lifetime experience! For people who want to race or sail again, there are even more possibilities; either on Kaliakra (if there is room) or on other ships who are joining the next leg of the races!
